Dear Bob & all the Members of the Hudson Valley Chapter:

On behalf of everyone at Safe Harbors, I would like to thank you for your recent gift of \$50.00 to our annual fund drive. It was such a pleasure to have the opportunity to speak with your group and to get to meet many of you. Thank you all for listening and learning about our mission!

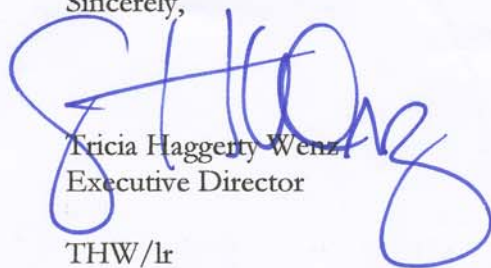

Our organization continues to evolve and move forward in a positive direction. With your support, our building has been able to anchor downtown Broadway in Newburgh with our cultural events and performances and most importantly a safe, attractive home for 128 adults, giving them every opportunity to rebuild their lives.

We continue to move forward with our plans for our second housing project, which will include housing the many young children in our community who need a safe place to grow up.

If you would ever like to visit us at Safe Harbors to see the effects of your gift in action, please do not hesitate to contact me. Our doors are always open.

Thank you once again, and best wishes for a happy and healthy new year!

Sincerely,

Tricia Haggerty Wenz
Executive Director
THW/lr

Thank you
so much!
